--	--

COMPETENCES

Experienced pharmacovigilance assessor working for the National Competent Authority (NCA) responsible for human medicines in Croatia. Daily work activities include in particular the following:

- Causality assessment of adverse drug reactions (ADRs),
- Safety signal detection and assessment,
- Assessment of PSURs (Periodic safety update reports) in PSUSA procedures (PSUR single assessment procedures),
- Assessment of variations in the terms of marketing authorisation granted by one of the following procedures: National Procedure (NP), MRP/DCP (Mutual Recognition Procedure/Decentralised Procedure) and CP (Centralised Procedure),
- Assessment of risk management plan (RMP),
- Assessment of post-authorisation safety studies (PASS) with involvement of the European Medicines Agency's Pharmacovigilance Risk Assessment Committee (PRAC),
- Approval of direct healthcare professional communication (DHPC),
- Team member of assessors in referral procedures, i.e. procedures used to resolve issues such as concerns over the safety or benefit-risk balance of a medicine or a class of medicines,
- Team member of the Coordination work package in the European Commission co-founded project covering the safety assessment in clinical trials.
